

2025 Summer Day Camp

Theme: Exploring Space

Students entering grades 1-6

Join us this summer as we explore outer space with activities geared for all skill levels and age groups. Activities include staff led STEM and art projects, literacy, music, cultural awareness, active physical games and field trips to local areas and beyond! Develop perseverance through the character development principles of Honesty, Caring, Respect, and Responsibility while becoming more independent and learning to work within groups.
